AI 协作记录

2026 一带一路暨金砖国家技能发展与技术创新大赛

首届 AI 赋能数字创意设计与应用赛项

全国选拔赛 本科组

交互赛道 小游戏开发

Task02

参赛单位及代表队名称：上海商学院

队伍 ID：第二队

日期：2026 年 9 月 17 日

协作范围与初始方向

围绕古建水墨风格生成场景、角色候选、UI 和十张墨灵¹拓印，随后进行筛选、用途核对与资源接入。候选图不自动等于采用图，假透明人物和比例不符方案保留为过程材料。

本记录属于上海商学院第二队、本科组交互赛道小游戏项目《檐下千秋》。完整记录由原项目文件与 2026 年 9 月 17 日本机导出构成。正式文档提供审阅索引、工作流和代表对话摘录；逐条完整可见对话为 Original 中的 MD，工具调用与结果为同名 JSONL。摘录不替代全文。

工具与工作流

DeepSeek harness 用于赛题整理、世界观和文案推演、只读代码与玩法评审；Codex 用于工程实现、策划同步、图像处理、测试与交付。图像流程另包含项目已有 Kimi 提示词对话、Qwen-Image-3.0-Pro、即梦 AI² 和 imagegen 记录；具体工具以每次来源记录为准，不将对话平台名称等同于图像模型。

需求和初始想法 → 提示词与参考材料 → AI 输出或工具操作 → 内容和风格核对 → 采用/拒绝/修订 → 程序接入或文档整理 → 测试证据与最终文件。用户要求、AI 建议和程序测试结论在原始记录中分别标明，不补造缺失轮次。

我在仓库的首页添加了一个录音包和图像包, 录音包将语音合入游戏即可, 图像包请你使用你的视觉技能, 判断是否合适和使用, 另外由于图片也是 AI 生成, 为了游戏效果可能需要删除 AI 的水印和做一定裁剪。该项目和比赛全程要求由 AI 生成, 不涉及 AI 误导等情况。最后将其合入游戏。另外我们需要在获得第三个技能后加一个小 boss。

已完成, [下载 Windows v10 发行版 (约 86 MB)](C:/Users/Admin/Documents/GitHub/BRICS-Skills-Competition/dist/檐下千秋-v10-Windows-x64-20260914.zip)。完整解压后双击「檐下千秋.exe」。

- 接入 184 段配音、6 项图像素材, 完成水印清理及画面裁切。

- 获得第三项技艺「飞檐」后，加入小 Boss「白蚀³·噤声客」。
- 键位：1 挥墨、2 斗拱、3 藻井、4 飞檐、5 闪身，支持数字小键盘。
- 完整十任务、战斗结算、失败回溯⁴及发行包启动验证均通过。

已有存档保留；已完成「开台」的旧档不会自动补打 Boss。

我需要一个完整的评估报告，主要是关于美术素材等缺失的问题，根据规划和代码实际 告诉我我还需要提供什么

已完成，包含逐关核对、素材规格、优先级、代码接入要求和提交材料缺口：

- [完整评估报告] (C:/Users/Admin/Documents/GitHub/BRICS-Skills-Competition/output/评估报告/2026-09-16/檐下千秋-美术素材与交付缺口评估报告.md)
- [需要你提供的素材清单] (C:/Users/Admin/Documents/GitHub/BRICS-Skills-Competition/output/评估报告/2026-09-16/需要你提供的素材清单.md)

你最先需要准备的是：7 个背景画面、1 套可用主角素材，以及生成记录和参赛信息。

主要发现：

- 戏楼、牌坊、墨塔的 6 个任务用收藏拓印图充当背景，需要独立场景。
- 飞鸟山仍用社庙战斗图，需要专用背景。

3遗忘的具象化，也是推动修复与守护的主要冲突。

4失败后恢复事件起点并保留已确认记忆取舍与技艺的机制。

采用廊桥正常/侵蚀⁵图、社庙内殿/客舍/庭院与白蚀透明图；Q版人物比例不符、人物设定板不宜直接入戏、成年人物候选为RGB假透明，因此没有当作角色精灵采用。主角仍使用程序剪影。六个后期任务场景和飞鸟山独立背景仍有缺口。

Use case: illustration-story. A finished collectible architectural ink rubbing for a Chinese heritage adventure game: an arched covered wooden bridge sheltering a tiny traveler with a red umbrella, flowing river and rain outside the eaves, two small lanterns signify a safe return. Vertical antique xuan paper print with indigo-black ink, worn carved-stone impression, muted warm gold and a single vermilion accent, ornate but restrained border. Central bridge silhouette, generous paper margin, tactile paper fibers, elegant museum print, entirely flat traditional printmaking, no 3D rendering. No words, no lettering, no watermark. Unique memory theme: peace, farewell and homecoming.

rendering, no words, no lettering, no watermark. Unique memory theme: villagers rebuilding a roof together.

she_ning_an.png

Use case: illustration-story. A collectible architectural ink rubbing on vertical antique xuan paper: a welcoming Chinese temple side doorway beneath a geometric caisson ceiling, two ceramic rice bowls and a folded straw rain cape on a wooden threshold, rain beyond the shelter, warm lamplight suggested by muted celadon and pale gold against indigo-black ink. Worn carved impression, detailed paper fibers, elegant thin ornamental frame, generous margin. Flat traditional printmaking, no 3D rendering, no words or lettering or watermark. Unique memory theme: sharing a meal with an unknown traveler.

she_hui_chun.png

Use case: illustration-story. A collectible Chinese architectural ink rubbing: large ceremonial village drum with two crossed drumsticks, radiating circular carved spring vine motifs, camphor leaves and hanging red ribbons, tiny children's footprints circling the drum base. Vertical antique xuan paper, ink-black and indigo, restrained celadon and vermilion accents, worn stone-rubbing impression, elegant narrow ornamental border and broad margins. Flat traditional printmaking, not 3D, no text, no letters, no watermark. Unique memory theme: the returning spring festival drum.

xi_xing_qiang.png

Use case: illustration-story. A collectible architectural ink rubbing for a Chinese heritage adventure: an old Chinese opera stage with lifted

curtains, a single graceful opera performer with flowing water sleeves centered under upturned eaves, a gong hanging to one side, sound represented by delicate curved ink lines. Vertical antique xuan paper, indigo-black ink, muted turquoise and restrained vermilion, worn carved impression, narrow ornate frame and generous margins. Flat traditional printmaking, no 3D rendering, no words, no lettering, no watermark. Unique theme: a song shared between stage and audience.

xi_jue_chang.png

Use case: illustration-story. A collectible architectural ink rubbing: an empty traditional Chinese opera stage at dusk, a richly patterned folded theatrical robe on a chair, a pair of small apprentice shoes beside large master shoes, two long silk sleeves trailing like a remembered melody under carved stage eaves. Vertical antique xuan paper, indigo-black ink and faded plum red with pale gold, tactile stone-rubbing impression, delicate ornamental border, large paper margin. Flat printmaking, no 3D, no lettering or text or watermark. Unique theme: a teacher passing a final song to the next generation.

fang_wu_ming.png

Use case: illustration-story. A collectible architectural ink rubbing: frontal symmetrical Chinese stone paifang gateway with precisely four pillars and three openings, carved cloud capitals, chisels and a carpenter's square at its base, no inscribed plaque text. Vertical antique xuan paper, ink-black with muted slate blue and sparse ochre gold, detailed worn stone impression, delicate rectangular frame and generous paper margin. Flat traditional printmaking, no 3D, no letters, no words, no

watermark. Unique memory theme: the nameless builders whose craft outlives their names.

fang_jiang_hun.png

Use case: illustration-story. A collectible architectural ink rubbing: close-up of an artisan's two hands fitting a beautifully carved wooden mortise-and-tenon joint, a plumb line and wood shavings below, faint Chinese stone gateway silhouette behind the hands. Vertical antique xuan paper, indigo-black ink, aged ochre and subtle vermilion seal-like square without writing, tactile carved impression, elegant slim decorative border and broad margins. Flat traditional printmaking, no 3D, no lettering, no text, no watermark. Unique theme: craftsmanship transmitted through working hands.

tower_origin.png

Use case: illustration-story. A collectible architectural ink rubbing: a seven-tier Chinese pagoda rising above concentric layers of fragmented village memories, one side ink-dark and the other fading into white paper, an open old ledger at the base and a fine crimson thread reconnecting scattered fragments. Vertical antique xuan paper, deep indigo ink, faded jade and restrained vermilion, worn stone impression, narrow ornate frame and broad margin. Flat traditional printmaking, no 3D, no lettering, no words, no watermark. Unique theme: discovering the cost of erasing sorrow.

tower_epilogue.png

Use case: illustration-story. A final collectible architectural ink rubbing: an open handmade blank ledger whose pages unfold into a continuous miniature panorama of a covered bridge, village temple, opera stage, four-

pillar gateway and distant pagoda, several tiny people adding their own brush marks beneath a welcoming roof. Vertical antique xuan paper, indigo-black ink with harmonious muted jade, ochre and vermilion, tactile worn carved impression, elegant fine border, broad paper margin. Flat traditional printmaking, no 3D, no text, no letters, no watermark. Unique theme: leaving room for living people to continue their shared memory.
